# Letter from the CEO

In 2024 we saw many goals achieved, and I am so proud of all we accomplished. In January, our affiliate was awarded the highest rating as a “Four-Star” charity by the leading independent evaluator in charitable giving, Charity Navigator. In February, the Habitat for Humanity ReStore in Smyrna celebrated its 8th anniversary with a special ribbon cutting event hosted with the Cobb Chamber of Commerce. Our outstanding ReStore team continues to excel in procuring new designer furniture and home decor that is raising valuable dollars that go directly to build Habitat homes in our community!

Last year, nearly 2,000 volunteers worked alongside homeowners to build their homes. Included in that were two new “Legacy Build Families”. The Terwilliger Family, who built with us for the first time for a special homeowner who served our country; and the Kenney Family, who sponsored a full house to memorialize special family members. Their legacies live on through giving a family a firm foundation for the future with a zero-interest mortgage in a safe environment.

In September, our Women Build Committee kicked-off our upcoming 2025 Women Build. Beginning at the end of May, women in our community are coming together to build for a City of Marietta Police Department employee. This is our third ever Women Build as an affiliate and we look forward to exceeding our fundraising goals!

At Habitat, we talk a lot about community. Living near where you work is a key component in building community. Many of our teachers, city employees and first responders cannot afford the escalating prices of our local housing. Because of our collaborations with the City of Marietta and other sponsors like the Atlanta Braves, recent homeowners in Cobb County include teachers, a school bus driver, a school cafeteria manager, a City of Austell Police Department employee, and City of Marietta employees. Partnerships like the City of Marietta Public Service program allow public servants to afford to live in the community they serve.

As my tenure as Executive Director & CEO ends, it is extremely bittersweet. I have seen countless lives changed in the last seven years; and serving this organization has changed mine forever. I have witnessed the power of volunteers coming together for the common purpose of giving families a hand up through housing. I have experienced the impact of partnerships between cities and non-profits. And I am inspired by working daily with a staff who give their all to serve others. I will continue to serve Habitat and I encourage everyone in the Habitat family to stay focused on our shared mission, one house at a time.

Jessica Gill  
CEO (outgoing)

# Letter from the Chairman of the Board

In 2024 I was honored to become Chairman of the Board and work with a passionate board of directors. Together, with our talented team we were able to build nine homes with the help of our amazing sponsors and nearly 2,000 volunteers. We saw 46 people served through safe, affordable housing.

I am especially proud of the work we accomplished for Veterans in our community. Our partnership with one of our board members and his company, Assurant, allowed us to build for United States Navy Veteran Dalious. Thanks to the Home Depot Foundation, our Veteran Home Repair program served 15 heroes in our community last year, allowing these veterans to safely age in place. Through critical home repairs and mobility upgrades, veterans can live in dignity in the homes they love.

One of our most exciting days of the year was kicking off our first-time partnership with the Atlanta Braves Foundation and home recipient Quintasha. A member of the Austell Police Department, Quintasha works for the Chief of Police. She learned the Atlanta Braves were her sponsor in a surprise workplace celebration with exciting performances by the Braves Heavy Hitters Drumline, a food truck, Braves Foundation team members, the Austell Police Chief, Mayor of Austell and other city elected officials. After Quintasha became a Habitat homeowner, her tireless dedication to community service was honored even further when she was named the Austell Citizen of the Year!

Finally, we could not do what we do without our long serving, dedicated coalitions. The Cobb Interfaith Habitat Coalition comprised of many faith organizations from multiple denominations built their 24th house for homeowner Sandra. In November, we also dedicated the 50th home built by the Catholics4Habitat Coalition to homeowner Emmanuel.

Our mission says we seek to put God’s love into action by bringing people together to build homes, communities, and hope. We built many bridges with the communities we serve in 2024. We participated in the newly formed Marietta Housing Forum allowing concerned citizens to discuss housing affordability. We were also proud to host the Austell Community Safety Conference to build connections among residents, law enforcement, educators, and clergy to improve community safety.

As much as we accomplished in the last year, we seek to build even more homes, stronger communities, and more hope for families in the year ahead. We move forward with a renewed vision for 2025 as we move closer to our 40th year as a Habitat affiliate. We are eternally grateful to all the sponsors, volunteers and donors who have partnered with us for 39 years of changing lives, and we look forward to an even brighter future together!

Bakari Brooks  
Chairman of the Board of Directors

# Homeownership

In 2024, we partnered with 9 families to help them achieve homeownership with an affordable mortgage.

**\$330,667**

average Habitat home value

**\$241,765**

average mortgage loan amount

**\$1,119**

average monthly mortgage payment

**Lisa**

2024 Habitat homeowner

## marietta public service housing program

On April 12, 2023, we broke ground on the Marietta Public Service Housing Program, a transformative initiative which provided zero-interest mortgages on new construction homes for employees of the City of Marietta and Marietta City Schools.

Over two years, six Marietta public servants - a teacher, a school bus driver, a sanitation worker, a school cafeteria manager, and administrative professionals in the Community Development Division and the Sanitation Services Division - were enabled to live in the city where they work.

Funded in part through the federal American Rescue Plan Act (ARPA), the program leveraged the City of Marietta's donation of six vacant lots and Habitat's volunteer-driven construction model to create homes with a maximum sales price of \$250,000.

## building community through baseball

In July 2024, the Atlanta Braves Foundation stepped up to the plate to support affordable housing in Cobb County - and they hit a home run, providing a full house sponsorship and a life-changing experience for a first-time homebuyer. Braves staff, fans, and Habitat volunteers switched their baseball caps for hard hats to build in partnership with Quintasha, Executive Assistant to the Austell Chief of Police and the City of Austell's 2024 Citizen of the Year.

Quintasha's dedication to Austell—organizing back-to-school bashes with her own nonprofit organization and advocating for environmental awareness as a member of the Board of Keep Cobb Beautiful—made her an ideal partner. Her zero-interest mortgage frees her to support her daughter Angel, who just started college at Georgia State University and plans to go to medical school one day.

This investment from the Atlanta Braves Foundation is a blueprint for corporate-community alliances as a catalyst for change. Go Braves!

**Kelli**  
2024 Habitat homeowner

# legacy build families

In 2024, two inspirational families proved that philanthropy can shape the future. By funding an entire home, they've each set the stage for generations of stability, where children study at the kitchen table, parents save for retirement, and neighborhoods grow stronger.

Retired Delta Airlines Captain and U.S. Air Force veteran Stuart and his late wife Nancy became active volunteers and fundraisers with us in the 90s, mobilizing St. James Episcopal Church and Delta Airlines to sponsor homes. In 2024, an inheritance from his late cousin, Bronston Shelby Kenney III, prompted Stuart to get involved again, sponsoring a whole house as a way to honor his loved ones. His daughters, now adults, served lunches on build sites as children; today, they paint walls and mentor the family. The Kenney family proves that legacies thrive when rooted in service.

The Patricia B. Terwilliger Family Foundation chose to honor their family's military roots by sponsoring a whole house built in partnership with a family of six who have made deep sacrifices to serve our country. As trustees of the foundation, Patricia and her daughters Tracy and Bonnie like to support organizations that allow them to be involved and get their hands dirty, making Habitat a perfect match.

**The Kenney Family**  
2024 home sponsor

**The Terwilliger Family**  
2024 home sponsor, with Habitat staff & Board members

The generosity shown by these two families sends a clear message:  
**true legacy is not what you leave behind, but who you lift up.**

# Home Repairs

**\$12,559**  
average cost of a home repair

**16**  
number of home repairs completed

**31**  
individuals impacted

**63**  
median age of repair recipients

For veterans like Gary, home repairs are more than fixes—they’re lifelines.

In the U.S. Navy, Gary was responsible for onboard weapons systems when in 2005, he suffered an accident that caused a broken neck and back, ultimately leading to the end of his 13 year military career. Now a disabled veteran, he and his wife, a Douglas County School District employee struggled with major unexpected home repairs, including a collapsed sewer line.

Funding from The Home Depot Foundation enabled us to provide those critical repairs in addition to accessibility features to help Gary navigate his home with a disability.

In 2024, 15 U.S. veterans received critical repairs—roofs, ramps, and accessibility upgrades—through The Home Depot Foundation. These projects honor service with dignity, ensuring our heroes live at home safe, warm, and dry.

“The impact of your work went far beyond the physical repairs. The volunteers showed me kindness and compassion, reminding me that I was not alone in my struggles. Thanks to Habitat for Humanity ... I can focus on creating happy memories with my family and enjoying the peace of mind that comes with a well maintained home.”

**Gary**  
2024 home repair recipient

## hammers & ales

In April, we launched Hammers & Ales, a bold new fundraiser that blended craft beer, axe-throwing, and philanthropy. Over 137 guests gathered at Ironmonger Brewing & Distilling, where teams competed in friendly tournaments while savoring local brews and catered bites. The event raised more than \$14,000 to support construction costs for Habitat homes.

# Volunteers

**1,884**  
number of volunteers in 2024

# advocacy

In 2024, we took proactive steps to address systemic housing challenges by spearheading the Marietta Housing Forum, a collaborative platform for community leaders, policymakers, and residents to volunteer their time and talents in tackling affordability and equity. Starting in May, the forum brought in experts like Timothy Block of Enterprise Community Partners and Eric Kronberg of Kronberg Urbanists + Architects, to explore actionable strategies for sustainable housing solutions.

# ReStore

In 2024, the Habitat for Humanity ReStore in Smyrna celebrated its 8th anniversary. Since acquiring the ReStore from Habitat for Humanity International three years ago, we have grown our staff, expanded the store’s hours of operations, implemented a web-based point of sale system, and excelled in procuring high quality furniture and building materials to sell to the public - leading to **total sales of \$1,224,331** in 2024. The profit from these sales is essential in funding our mission.

**\$509,297**  
raised to support Habitat’s mission

When businesses partner with our ReStore, it’s a win-win: they can reduce the costs of excess inventory and limit waste, and we can sell these items to customers at discounted prices. Our 2024 donors included:

- |                                 |                                |                                       |
